## GOOD NEWS

Believing that our market, as a tobacco centre, can only hold its own by improving the QUALITY of the staple produced by our people, we have arranged to represent here the SOUTHERN FERTILIZING COMPANY, of Richmond, Va., whose

Tobacco Fertilizer.

ANCHOR BRAND, has such a wide spread reputation in the production of

tobacco of FINE WEIGHT AND QUALITY. This article has been in the market throughout Virginia and North Carolina, and with increasing demand, from year to year, since 1866. It has, therefore, had THE TEST OF TIME, which is the only true test of the quality of anything. As the best is always the cheapest, we have taken care to secure the best in this behalf, and if the experience of the Virginia and North Carolina folks with it has been, during twelve years, all that could be desired, we do not see why it should not work as well for us. We wish our friends throughout the whole region tributary to Clarksville to give it a trial this season. We have it on hand, fresh from the factory, and will furnish it in quantities to suit.
